Rome, 27th December 2016

Mr. President,

The Assadakah Italy Federation – Italian Arabic and Mediterranean Centre warmly welcomes the Syrian Arab army's victory at the Battle of Aleppo and congratulates for this new extraordinary success in the fight against terrorism and against the armed gangs for over five years, they are hitting the people of Syria and the unity of the nation.

As President of Assadakah Italy - Italian Arabic and Mediterranean Centre, I hope to meet again in Damascus as already happened in 2012 with the Parliamentary Maria Saadeh. Since then our commitment to show the public Italian lies about the war in Syria has never failed. A commitment that we renew each day in the name of truth and against the barbarity of terrorism.

With Syria in my heart,

With best regards

Dott. Raimondo Schiavone

President of Assadakah Italy Federation

Italian Arabic and Mediterranean Centre
